#122 (BW)

Two imprisoned political dissidents have been turned over to a wild female executioner to be tortured. She has them chained naked in her dungeon, her tits, and cunt bared to them. She flogs them both, concentrating on their pricks, and balls. Cinching the head of one cock in a noose she yanks it up, and

whips it, then takes it in her mouth and uses her teeth on it. After lashing him again she shoves the handle of the whip into his ass. The other she has chained up on a "horse", the metal ridge cutting into his crotch, his prick, and balls pushed up. She uses pincers on his nipples, and penis, crushing, and twisting. After caressing her cunt with the whip she flogs them both, chained together on the floor. She takes a hot iron from a flaming brazier, and brands them on their buttocks! She forces them both to lick, and suck her cunt, then grabs hold of their pricks, and masturbates them to orgasm....
